Sure, if you promise it will be at least 100 degrees. Shall we shoot for 9:30 am at DOGGR offices?

Thanks for the quick email. Actually I'm not available on July 8th and 9th. Any other day will work for me.

Thanks,

Hi Rob,

Thanks for agreeing to set up a technical discussion about the UIC data that the State has sent, particularly the 176 category 1 wells. It looks like next Wed. (July 8) maybe around 10am would be a good option for Michele and Lisa. I will be out of the office until July 16th, but they are available and prepared to have the discussion. I'm copying the Water Board on this as well as was just discussed.

Let us know if that works and please feel free to coordinate directly with them in the planning. I think Lisa may be sending you a short list of wells about which we had some specific questions.

Thanks!

David
